2018 Timetable Published on the SŽDC Website

Správa železniční dopravní cesty (SŽDC) published on its website the 2018 Rail Passenger Transport Timetable valid for the period from 10 December 2017 to 8 December 2018. The tables containing each rail timetable can be found under the relevant reference at the web address www.szdc.cz.

The new Timetable contains 9,582 trains in total; in comparison with the current situation it is by 152 trains more. The share of the ČD (Czech Railways) carrier therein is made up of 8,931 trains, i.e. an increase by 46 trains. The Express and Fast train category amounts to 710 (an increase by 33 trains), the regular and through trains to 8,872 (an increase by 119 trains). There will be 13 carriers operating in passenger transport as of December this year.

Timetables of rail lines in ownership of the Czech Republic are compiled by SŽDC based on requirements of the carriers and state administration authorities. Possible objections are to be addressed to these entities as well. Contact information for each carrier, the Ministry of Transport for long-distance trains and the regions for regional lines can be found at their public websites.
